These rosaries are the same size as a finger rosary, 1.5" wide and 2" tall, but are of heavy cast metal construction with a satin nickel coating. Construction is so they will not bend or break and are less likely to be caught in your pocket. Inserts are full color and feature the Knights of Columbus Logo on one side and Virgin Mother and Christ child on the other. Rosaries make great gifts, a treasured reminder of the First Degree for yourself or as a project for your council.
